nelux (HK) international,ltd

PROFILE

Nelux Hong Kong International,ltd located in Tuen Mun Industrial area in Hong Kong, with a convenient location in Asia to export all over the world.
Since founded in 2010 , we have been focusing on designing , and producing architectural lighting products. We work with first-class led technology and craft.working with the best equipment in the market providing high quality products and good service to our customers.

QUALITY

Nelux is committed to the developing, production and distribution of led lighting products with the best quality in accessories, assembling and finishing products.At present to determine the quality of our products we have mastered the leading core technology, which makes our products reachthe international advance levels.
Main and basic parameters in our led lights: Chips, Optical, Reflectors, and Thermal Management.
Chips, using the top brands in the market we can achieve the best quality of our products.
Optical , the suitable reflectors or lens is a fundamental part of our products, making the illuminated objects get their right texture and value.
Reflectors , nelux install the precision reflectors for each model, to make beam angle accurate, and getting a uniformity in lighting distribution.Working with spot, medium and flood beam angle with a wide range of degrees according to customer needs.
Thermal Management, not only the life of the light source is decided but its own quality, but also affects the lighting fixture quality. The life of LED is related c Nelux Hong Kong International,ltd located in Tuen Mun Industrial area in Hong Kong, with a convenient location in Asia to export all over the world.

ABOUT US

The Nelux Hong Kong International,ltd is a design, research, development, distribution, production, sales and service company in one of the integrated Smart Home and LED lighting enterprises.

Nelux architectural lighting , since the establishment of the company, maintains a high-speed growth, and gradually becomes the leading enterprise in the LED lighting industry.

In Hong Kong , Nelux architectural lighting has two bases our head office in Wanchai and our assembling workhouse in Tuen Mun.

In the worldwide, 95% of our products to the export, sold to over 15 countries around world. We also sets up a wide range of agents, marketing ,after-sales networks across the world .Such as Europe, South America,The Middle East, and Hong Kong.

Through the years cautious and conscientious work, our linear products and lighting project has built a great reputation in the customer's local markets.

The different LED series we introduce in this catalog is not only the realization of the traditional energy- saving lighting, but also it embodies the concept of innovation, unique design style and customer exclusive customization. Once introduced, it has been unanimously praised and trusted by the users at home and abroad.

Rely on many years of unremitting efforts, continuous development ,based on advanced management mechanism, strong R & D strength,complete marketing network and sound service system. Our products and One-stop overall lighting customized solutions (scheme design + customization products+ intelligent control system + installation service) are the first choice of many illuminating Engineering contractors and lighting interior design companies.

Our products are widely used in high-grade hotels,high- end commercial real estate, office,industrial and numerous of civilian areas.fully meet the market demand of high-end lighting.

Finally in September 2018, our company show up in the lead trend of the industry development and launch new products you can see in this new catalog. This series highlights the simplicity, fashion, beautiful design style, elaborates the perfect combination of light and beauty once again.

All the time always stuck to business philosophy of"Adherence to Commitment, Prompt and High efficient, Harmony and Mutual win". The company's brand concept of"Creating value for you"also has been deeply rooted in our client's mind.

We always adhere to the values of focusing on customer's demands, sincerity-oriented, and trust-based. Humanistic management is our mile stone of enterprise development.

We are focus on every product, every lighting project, and strive to provide competitive products ,services and high effective one-stop-shop solutions for the enterprise customers and consumers.

Thank you for your continued support! Welcome to contact us !

Led Linear Light Collection
These versatile Led Linear Light Profiles and Led Linear Tracks works any project you desire give a high end status/ Tanto los perfiles lineales como el lineal para carril son muy versatiles para proyectos donde prime la calidad.

Customising, any profile needed we can customize as your wish. / Indiquenos las necesidades de su proyecto y le fabricamos el perfil segun sus necesidades

Wide Range of Applications/Multiples aplicaciones
These versatile profiles works well for a wide range of applications, shops, Hotels, Restaurants, Home,Offices.../ Nuestros perfiles disponen de una amplia gama de aplicaciones en Tiendas, Hogar, Restaurantes, Hoteles, Oficinas

WHITE BLACK SILVER

Optional

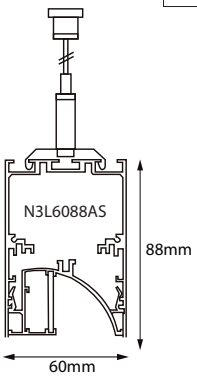
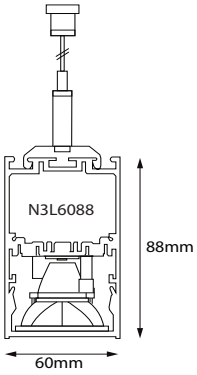
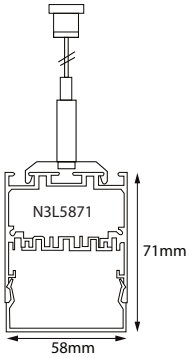
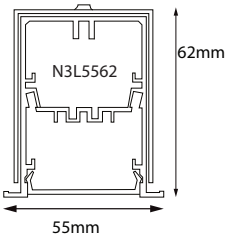
Diffuser Recessed

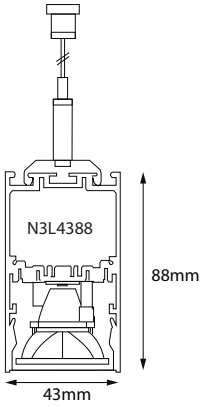


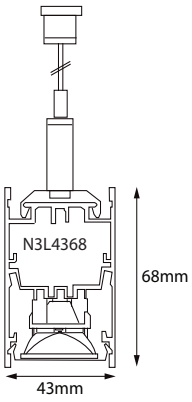
Asymmetric Diffuser

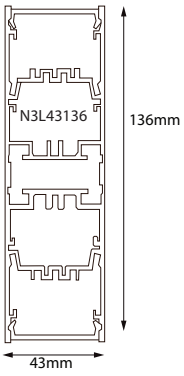


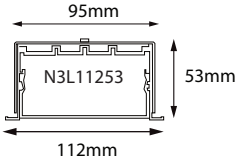












LED LINEAR LIGHT PROFILES

GENERAL FEATURES

Light housing made of high quality extruded aluminum Integrated with rotatable connectors at both ends makes it adjustable and uniform light output
High transmittance PMMA diffuser creating a high visual comfort and uniform lighting distributions
Light Source SMD led light source ~90lm/W and also available ~120lm/W CRI>80 as standard and available CRI90
Input voltage Multivoltage and 220-240VAC
Led Driver High Standards Led driver, dimmable as an option 1-10V, Dali and white Temperature control.
Intelligent control options , microwave sensor, daylight, wifi, bluetooth.
Mounting Options Different mounting options wall mounted, surface, recessed, suspended
No need to connect the wire, maximum 50pcs allowed to be connected for one single circuit.
Advanced thermal management technology to ensure consistency of LED life span,
color temperature and maximize output lumens
Applications Institutes, Hospitals, Warehouses, Hospitality Retails, Fake ceiling, concealed spaces .,ETC

MAIN PRODUCT FEATURES

nelux CCT available correlated colour temperature

No need to connect the wire, maximum 50pcs allowed to be connected for one single circuit.
Advanced thermal management technology to ensure consistency of LED life span,
color temperature and maximize output lumens
Applications Institutes, Hospitals, Warehouses, Hospitality Retails, Fake ceiling, concealed spaces .,ETC

MAIN PRODUCT FEATURES

nelux CCT available correlated colour temperature

6000K 4000K 3000K 2700K

GENERAL FEATURES

Light housing made of high quality extruded aluminum Integrated with rotatable connectors at both ends makes it adjustable and uniform light output
High transmittance PMMA diffuser creating a high visual comfort and uniform lighting distributions
Light Source SMD led light source ~90lm/W and also available ~120lm/W CRI>80 as standard and available CRI90
Input voltage Multivoltage and 220-240VAC
Led Driver High Standards Led driver, dimmable as an option 1-10V, Dali and white Temperature control.
Intelligent control options , microwave sensor, daylight, wifi, bluetooth.
Mounting Options Different mounting options wall mounted, surface, recessed, suspended
No need to connect the wire, maximum 50pcs allowed to be connected for one single circuit.
Advanced thermal management technology to ensure consistency of LED life span,
color temperature and maximize output lumens
Applications Institutes, Hospitals, Warehouses, Hospitality Retails, Fake ceiling, concealed spaces .,ETC

	PMMA	36W+60W	3000+5100lm	2340*75*102mm

Connectors and PMMA

L 8W L 8W L 8W T 12W X 15W

PMMA

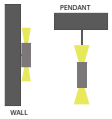
Pendant and Union Accessories

continuous connector

suspension wire

installation buckle

Mounting Options



Colour Palette

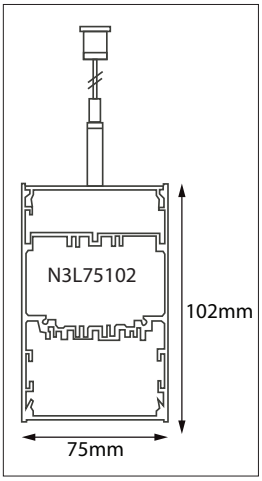
WHITE BLACK SILVER

Optional

RED GREEN BLUE GOLD

Product Image

Dimensions



Standard Single Fittings/ Configuraciones basicas

Seamless continuous lighting system without dark spots
Customized lighting system with our latest addition of system connection module
Recessed mounting options available

GENERAL FEATURES

Light housing made of high quality extruded aluminum Integrated with rotatable connectors at both ends makes it adjustable and uniform light output
High transmittance PMMA diffuser creating a high visual comfort and uniform lighting distributions
Light Source SMD led light source ~90lm/W and also available ~120lm/W CRI>80 as standard and available CRI90
Input voltage Multivoltage and 220-240VAC
Led Driver High Standards Led driver, dimmable as an option 1-10V, Dali and white Temperature control.
Intelligent control options , microwave sensor, daylight, wifi, bluetooth.
Mounting Options Different mounting options wall mounted, surface, recessed, suspended
No need to connect the wire, maximum 50pcs allowed to be connected for one single circuit.
Advanced thermal management technology to ensure consistency of LED life span,
color temperature and maximize output lumens
Applications Institutes, Hospitals, Warehouses, Hospitality Retails, Fake ceiling, concealed spaces .,ETC

MAIN PRODUCT FEATURES

nelux CCT available correlated colour temperature

6000K 4000K 3000K 2700K

MODEL	Unit reflectors	Power	Lumens	Size
93106CM	PMMA	20W	1700lm	600*93*106mm
	PMMA	30W	2500lm	890*93*106mm
	PMMA	40W	3400lm	1180*93*106mm
	PMMA	45W	3800lm	1470*93*106mm
	PMMA	55W	4600lm	1760*93*106mm
	PMMA	60W	5100lm	2050*93*106mm
	PMMA	80W	6800lm	2340*93*106mm
